Kontoret borta!

A photograph of a room during renovation. The floor is white with some grey tape markings. A yellow vacuum cleaner is on the right. A ladder is in the center. There are black bags and wooden frames in the background. The ceiling has recessed lights.

Detta blir en bra fri yta.
Kanske för Stretch?

Nya Spinningsalen på G.

A long, narrow hallway with a light-colored floor and a white ceiling with recessed circular lights. On the right side, there is a wall with several large windows framed in light wood. In the foreground and middle ground, a large pile of black plastic bags filled with waste is stacked against the wall. Several long, thin wooden planks are leaning against the bags. In the background, a dark door with a glass panel is visible, with a green exit sign above it. To the left of the door, there is a small table with a chair and some decorative items. A person is partially visible in the background near the door.
